* 1. RADC Request for Support to Develop an Infrared Applications Orientation Program

(S) Mr. Hazzard signed a memo to Director of Operations/RADC requesting RADC support NPIC in the development of [redacted] applications orientation program. The NPIC project officer is Mr. [redacted] who has discussed NPIC needs with Keith Butters, RADC/IRRE. Attached to the memo was a draft memo of agreement detailing proposed responsibilities of NPIC and RADC in the formulation and administration of the [redacted] applications orientation. (13 Nov)

2. Requisition for EK Film & Paper

(AM) Col. Burroughs approved a requisition in the amount of [redacted] for the procurement of EK film & paper for PSG. The requisition was returned to PBB.

3. Support to Air Force Unit in Bldg. 213

(AM) Mr. Mayer sent to Chief, TSG, the 2 Oct 78 Gen. Brown letter on the support to the Air Force PKoto Research Division in NPIC. He asked Chif, TSG to prepare a response to Gen. Brown for Mr. Hazzard's signature saying that the provision of one maintenance man by AF at this time is ok for now. If there is further augmentation to the Air Force unit, NPIC would hope that the other two positions can be provided. (31 Oct)

* 4. Support to EPA

(S/TK) Col. Burroughs signed a memo to the DDS&T asking for approval for NPIC to prepare seven briefing boards of [redacted] coverage [redacted] photography for the EPA's Office of Monitoring and Technical Support R&D. EPA will use the boards in their investigation of the possible use of satellite imagery for their purposes. (31 Oct) Approved 26 Oct 78

5. Query from DDS&T

(TS/TK) Col. Burroughs signed a note to DDS&T transmitting descriptive photos and summary of coverage by system [redacted] in response to Mr. Dirks' query [redacted]
